Chassis Usage Charge: If CUC is manifested at POL and MSC pool chassis is not used to out-gate the container, the CUC charge will be automatically removed once the container has been returned empty. If CUC is not manifested and MSC pool chassis is used to out-gate the container, the CUC will be automatically added once the container has been returned empty. MSC will send to the notify party a revised Arrival Notice if the CUC was added or removed in the above scenarios. After receiving a revised A/N, if the CUC was paid and is now removed then it will reflect on the next billing cycle of your account statement showing as an overpayment. At time of receipt, you may contact your financial account representative to further assist with utilizing the credited amount.

US Customs: All import shipments are subject to the standard demurrage time, regardless of delays caused by US Customs/inspections/holds. MSC USA will not bear any responsibility nor be involved in any action taken by CBP that results in a delay. Administration fees of \$100 per container are applicable for each issued invoice.
