20241223	06:58:48		BILL DEPARTED		

In order to facilitate the transition to paperless environment, CBP will allow non-automated facilities, on an interim basis, to release cargo based on printouts presented to them by filers(importer,broker,etc). For audit purposes, this will satisfy due diligence on behalf of the non-automated facility. In the event that cargo that is unreleased or on hold is released from a non-automated facility where they received a release from the filer, CBP will seek remedy from the party who provided such information to the non-automated facility. Record retention guidelines will also apply.
