IMPORTANT NOTICE - CARRIER HAULAGE DELIVERIES

US Import Carrier Haulage shipments require the following to be satisfied

5 Days prior to vessel arrival at port of discharge:

- Delivery Instructions: Complete Delivery Order/instructions from the customer received by the carrier

5 Days prior to the last free day at marine terminals OR 5 days before Rail Arrival/Gate in Full at rail terminals:

- Customs clearance received with no other regulatory restrictions.
- Customer facility can receive the container within the designated free time.
- For carrier haulage moves from inland rail ramps to door, customers will need to guarantee storage directly with rail providers as needed prior to picking up their container(s) - no additional demurrage will apply if customer still meets the five-day rule mentioned above.
- For carrier haulage moves from marine terminals to door, customers will be subject to Hapag-Lloyd tariff demurrage.

DETENTION AND DEMURRAGE TARIFF GUIDE FOR THE UNITED STATES

For your reference, the tariff can be viewed on our website at the following section of our website:

CUSTOMS CLEARANCE

Containers moving beyond the port of discharge jurisdiction are automatically moved In-Bond unless notification is received within 48 hours prior to vessel arrival at port of discharge.

CHASSIS NOTICE

Please note that Hapag-Lloyd does not provide chassis for CY/MH moves. Contact the responsible Hapag-Lloyd office shown on this Arrival Notice for more information.

GENSET NOTICE

As per our new Genset program, we will no longer provide a Genset for merchant haulage shipments which start or end at a port facility in the USA. Should a genset be requested, for shipments between port terminals and local delivery points under Merchant Haulage, and Hapag-Lloyd is able to provide a genset, then an additional fee per genset will be applied, as per local charges defined in RURE-001 036.5. Hapag-Lloyd will make best efforts to provide a genset when requested but it is not under any obligation to provide.

OVERWEIGHT CONTAINERS - INTERMODAL DELIVERIES NOTICE

Overweight Containers may require the use of tri-axle equipment. As there are only a finite amount of this type of equipment available in the USA, delivery delays may result from a lack of available triaxles in your delivery area. We will work to minimize the impact of any storage / demurrage accrued as a result such delays.

OVERWEIGHT CONTAINER NOTICE

It is the sole responsibility of the merchant and it is motor carrier to confirm the cargo weight before taking the cargo on public roads and to ensure that equipment capability, relevant permits and other appropriate measures are taken to provide for safe transport and to comply with all applicable Federal, State and Local laws and regulations relating to on the road weight limitations, including but not limited to the Intermodal Safe Container Act 1992, as Amended. Subject to the terms and conditions of the carrier's applicable tariff. Any costs or charges incurred because of noncompliance with the foregoing shall be for the account of the merchant.
