- For carrier haulage moves from inland rail ramps to door, customers will need to guarantee storage directly with rail providers as needed prior to picking up their container(s) - no additional demurrage will apply if customer still meets the five-day rule mentioned above.

CHASSIS NOTICE

Please note that Hapag-Lloyd does not provide chassis for CY/MH moves. Contact the responsible Hapag-Lloyd office shown on this Arrival Notice for more information.

GENSET NOTICE

As per our new Genset program, we will no longer provide a Genset for merchant haulage shipments which start or end at a port facility in the USA. Should a genset be requested, for shipments between port terminals and local delivery points under Merchant Haulage, and Hapag-Lloyd is able to provide a genset, then an additional fee per genset will be applied, as per local charges defined in RURE-001 036.5. Hapag-Lloyd will make best efforts to provide a genset when requested but it is not under any obligation to provide.

Overweight Containers may require the use of tri-axle equipment. As there are only a finite amount of this type of equipment available in the USA, delivery delays may result from a lack of available triaxles in your delivery area. We will work to minimize the impact of any storage / demurrage accrued as a result such delays.

Subject to the terms and conditions of the carrier's applicable tariff. Any costs or charges incurred because of noncompliance with the foregoing shall be for the account of the merchant.
